This unique custom European villa in the Pacific Palisades Riviera area combines the best of materials with quality craftsmanship, from a hand-laid cobblestone driveway, to floors made from 16th and 17th-century reclaimed French pavers, Australian fir wood and Giallo D'orato stone accented with custom mosaics. Countertops of Baumaniere limestone or Italian marble, lace-like forged iron work, transport you to another era of hand-crafted elegance. The enchanting gardens, recently re-imagined by the genius of famed landscape architect Jay Griffith, are lush and meandering, with fountains scattered throughout and quaint enclaves of peaceful privacy. This villa encompasses two master suites, a library, an elegant oversized living room with an hand-carved limestone mantle, formal dining room and a huge eat-in kitchen with a spacious center island. Windows and doors look on to gardens or views of Will Rogers Polo Fields and the Santa Monica Mountains with stunning sunsets. This fantastic property has a garage for three cars. Also available for lease at \$30,000/month.
